

## suitsak.com SuitSak

\$100

While proper cycling clothes can make commuting more comfortable, they give off the wrong impression at the boardroom. Thankfully, the SuitSak allows riders to carry a suit, shirt, tie, belt, shoes, toiletries and any other daily necessities in a convenient wrinkle-free garment bag that does double duty as a backpack. Available online from suitsak.com—GA

## George Hincapie to ride Canadian charity event

**American ProTour rider** George Hincapie will be in Ontario to ride the Tour de Bleu, an exclusive charity event in the Lake Muskoka area August 6–8. The Tour de Bleu is a three-day jaunt reserved for 35 riders and features a gourmet chef, lavish accommodations and some stunning scenery. After arriving Friday, there's a ride scheduled Saturday, followed by a night of gourmet dining, wine and networking and, as the organizers say, "You might want to discuss ride strategy with George." To take part, you need only raise a minimum of \$10,000 in pledges for the William Osler Cardiac Centre in Brampton. This year is the fifth for the charity tour. Peter Gilgan, president and CEO of Mattamy Homes Limited – and a passionate cyclist – founded the ride, which has raised nearly \$2 million to date and is expected to add another \$500,000 to charity this year. Hincapie got involved after a mutual friend of both recruited the five-time Olympian. Saturday features a century ride and Sunday rides range from 100 to 220 km.—Charles Mandel

## BBB BTL-39 ToolCase

\$278

While the small tool kits found in every cyclist's saddlebag are ideal for road side emergencies, more elaborate bike repairs are best done with a proper set of tools like the ones found in BBB's BTL-39 ToolCase. Consisting of 20 of the most common bike tools, the BTL-39 ToolCase allows home mechanics to service most common repairs. The inclusion of cone wrenches, a chain checker, hex keys, a chain tool, pedal wrench, crank puller, spoke wrench and numerous lock ring tools ensure that home mechanics can complete anything short of major frame prep. Cable cutters, small Allen keys and Torx wrenches can be added later, increasing this tool kit's versatility. Finally, the sturdy and attractive carrying case provides secure, organized storage both at home and on the road.—GA

## Specialized Infinity Armadillo 700 x 38

\$55

With its superb puncture protection, this is an ideal tire for regular commuting or extended trekking rides. The deeply-grooved tread delivers solid traction in wet conditions without adding unnecessary rolling resistance. Finally, the Infinity Armadillo offers a surprisingly lively ride for such a robust tire.—GA
